To set up your prenatal care through Medicaid . . .
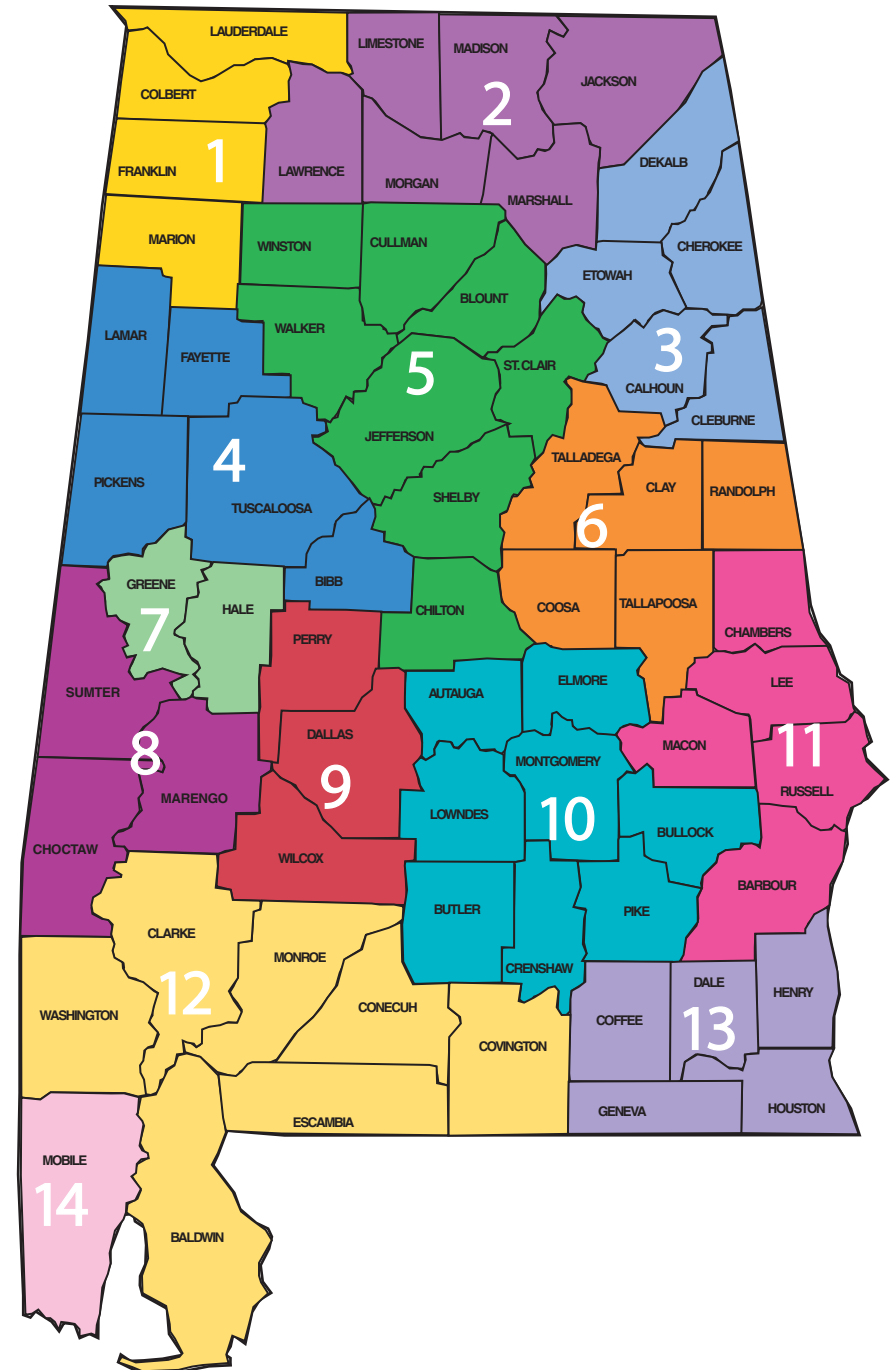

1) **Find the county** you live in now.
2) **Look for the number** (1-14) to find out which area will provide your care.
3) **Call the toll-free number for your area to set up your prenatal care.** The numbers you need are on the other side of this brochure.

If you are not on Medicaid now, but want to apply:

1) **Call or visit the Medicaid worker for your county.** Medicaid has workers at most health departments and many clinics. Call **1-800-362-1504 toll-free** to find the worker closest to you.
If you started your prenatal care in a different area and you are already on Medicaid:

1) **Call the toll-free number for your <u>old</u> area and tell them that you are moving.** Ask them to send your records to the new area.

2) **Call the toll-free number for your <u>new</u> area.** Let them know your new address and telephone number. Find out what you need to do to set up your prenatal care in your new county.

3) **In your <u>new</u> area, call or visit the Medicaid worker or the agency (DHR, SSA) where you applied for Medicaid.** Give them your new address. *Important:* Without your new address, Medicaid may not be able to pay for your care!

Are you expecting a baby?

Prenatal care can help your baby to be born healthy.

If you are on Medicaid, you must get your prenatal care from the maternity care program for your county.
